

IRONEQUAL

OUR STUDIO

IronEqual is a **french game development studio** founded this year.

OUR STUDIO

After winning the **Creative Startup 2016** contest, we joined the **Serre Numérique's** incubation program.

We are **5 co-founders** and have all **studied at Supinfogame RUBIKA** *(the #1 video game school in France)* **before dropping out.**

Serre Numérique

Valenciennes

OUR **STUDIO**

Our **different profiles and partners** allow us to cover a **large skill range**.

Art

Marketing

Audio

Design

Tech

OUR STUDIO

Our **mission** is to create the **best pieces of cultural & artistic interactive experiences possible.**

At the very **heart of our philosophy** are 3 major pillars, vital to the success of our mission:

Trust & Satisfaction
relationship w/ **partners**

Product Quality is at the
center of all our decisions

Building a **Premium & Long-term relationship** with our
players

OUR STUDIO

We are **young, motivated** and **strive every day** to reach **premium quality levels.**

OUR STUDIO

Our activity is divided in two parts:

An **indie game development studio**
creating original productions targeted for
the general public.

And **an interactive content production agency**
(mainly serious games & advergames, in order
to bring stable income)

OUR STUDIO

Our past works include PC games, mobile games and web tools.

Technical outsourcing for « Subscribe & Punch »
a PC/Console fighting game

Internal tool to data-mine insights on
the PC game market

Original creation of a cancelled
mobile game « Bunny Party »

OUR STUDIO

Our independent status allows us to offer a fully **vertical** **prestation**:

OUR STUDIO

Our past works include PC games, mobile games and web tools.

Technical outsourcing for « Subscribe & Punch »
a PC/Console fighting game

Internal tool to data-mine insights on
the PC game market

Original creation of a cancelled
mobile game « Bunny Party »

OUR STUDIO

Our couch game « REPULSE: Galactic Rivals » rolling out in the summer

OUR STUDIO

MAZE

TAKE THE EARTH BACK

Creation of an original First Person Shooter targeted at the PC/Consoles market, « MAZE »

OUR STUDIO

We offer our services, for video game creation or other interactive solutions to various companies. These interactive solutions are used for:

Knowledge Sharing

**Prevention and
Sensitization**

Communication

Entertainment

What types of interactive solutions ?

- Innovative **Websites** , Mobile **apps**
- **Virtual Reality, Augmented Reality**
- Interactive animations, interactive installations
- **Mobile, PC & Console games**
- **Gamification**

WHY CHOSE **VIRTUAL REALITY** ?

To show your **innovative** mindset, aim towards **the future of your brand** and offer your clients an **immersive** and **unprecedented experience**.

WHAT IS GAMIFICATION ?

Gamification *noun [U] / ,geɪm.ɪ.fɪ 'keɪ.fən /*

The practice of **making activities more like games** in order to make them **more interesting or enjoyable**.

WHY GAMIFICATION ?

89% think that a reward system (in points) can increase their engagements

82% are in favor of a levelling and explorable content system

62% say they are more motivated to learn if a leaderboard puts them in competition with their coworkers
